

REMARKS

Claims 1-32 are pending in this application. By this Amendment, Applicants amend claims 31 and 32 for form. No new matter is added. Applicants respectfully request reconsideration and prompt allowance of the pending claims at least in light of the following remarks.

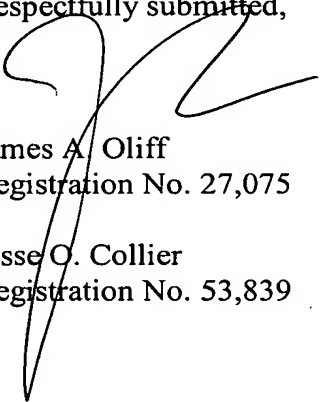

Claims 31 and 32 are rejected under 35 U.S.C. §101 as non-statutory. By this amendment, Applicants amend claims 31 and 32 to make it even more clear that they are directed to functional descriptive material embodied in a computer-readable medium, which is statutory under §101 (see MPEP §2106.01(I)). Applicants respectfully request withdrawal of the rejection.

Claims 1-32 are provisionally rejected for obviousness-type double patenting over claims 1-16 of copending U.S. Patent Application No. 10/807,393. Applicants herewith submit a Terminal Disclaimer disclaiming any patent term of a patent that issues on the present application that is in excess of the term of a patent issuing on copending U.S. Patent Application No. 10/807,393. Thus, the rejection is moot. Applicants respectfully request withdrawal of the rejection.

In view of at least the foregoing, Applicants respectfully submit that this application is in condition for allowance. Applicants earnestly solicit favorable reconsideration and prompt allowance of the pending claims.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, Applicants invite the Examiner to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
